

UPPER MIDWEST TELEHEALTH RESOURCE CENTER VENDOR INFORMATION

The **Upper Midwest Telehealth Resource Center (UMTRC)** is your primary contact for telehealth resources in Illinois, Indiana, Michigan, and Ohio. We are one of the 12 regional Telehealth Resource Centers, a federal program dedicated to providing reliable and accurate telehealth information.

We are proud to be a part of the **National Consortium of Telehealth Resource Centers (NCTRC)**. The UMTRC is one of the 12 regional Telehealth Resource Centers (TRCs) that is committed to helping organizations nationwide advance telehealth education, overcome barriers, and provide resources to meet telehealth program goals.

VENDOR POLICY

The UMTRC is **vendor agnostic** - that means that we cannot endorse, sponsor, or recommend any vendor over another. We do not perform “warm handoffs” and must stay neutral when it come to questions about vendor solutions.

That does not mean we never work with or speak to vendors! If your organization has events (webinars, trainings, ect.), please let us know so we can make our audience aware of them. We also have vendors on our podcast [A Virtual View](#) and [webinars](#) if they have relevant telehealth experience to discuss.

Thank you for understanding - we appreciate all that vendors do to further telehealth awareness and education. If you have any questions about this or other UMTRC policies, please feel free to contact us at info@umtrc.org. We look forward to working with you in appropriate situations!
